III. Scope of Work

The State Department of Health (DOH), Early Intervention Section (EIS) provides services for children, from birth to age three (3), with special needs and their families. As the lead agency under Individuals with Disabilities Act (IDEA), Part C, EIS is mandated to (1) maintain a statewide comprehensive, coordinated, multi-disciplinary, interagency system of early intervention for infants and toddlers and their families; (2) enhance the State's capacity to provide quality early intervention services; and (3) enhance the State's capacity to identify, evaluate and meet the needs of historically under-represented populations, particularly minority, low income, inner-city, rural populations and homeless.

Services shall be collaborative, multi-disciplinary, family-centered, comprehensive, and culturally appropriate.

Using a trans-disciplinary model of services, early intervention services shall be provided:

- Within the child's natural environment, including the home and community settings in which children without disabilities participate;
- In conformity to the Individualized Family Support Plan, and in collaboration with the parents or legal guardians, at no cost to families;
- By qualified service personnel, who shall consult with parents, other service providers, and community representatives, such as the child's physician, to ensure an effective provision of services. Qualified service personnel shall coach parents and others regarding the provision of those services. The care coordinator shall participate in the multi-disciplinary teams' assessment of the child and the child's family, and in the development of integrated goals and outcomes for the individualized family support plan.

The scope of work encompasses the following tasks and responsibilities:

In each contract year, the awardee shall:

1. Accept and process referrals from the Early Intervention Section's state-wide Hawaii Keiki Information Services System (HKISS) and other Part C referral sources. All children with special needs shall access early intervention services through referral from HKISS and, on occasion, other community referral sources such as physicians and Public Health Nurses (PHN). Families

shall be provided free information and referral service and be connected to an interim care coordinator.

2. Identify an interim care coordinator for each child/family at the time of their referral to the early intervention program. Care coordination is an on-going service and process of shared responsibilities between families and professionals that identifies the strengths and needs of children and families, and assists in obtaining appropriate services.
3. Provide Intake services. Program staff shall contact the child's family within 48 hours of referral to arrange a face-to-face meeting to discuss the early intervention service system and family rights consistent with IDEA, Part C, and complete appropriate forms and consents.
4. Provide Evaluation and Annual Assessment. Within 45 days of referral to IDEA, Part C each child shall receive a Comprehensive Developmental Evaluation (CDE) to determine his or her eligibility for early intervention services. Eligibility for services is defined by (1) a developmental delay in one or more of the following areas of development: cognitive development, physical development (including vision or hearing); communication development; social or emotional development; and adaptive development, or (2) have a diagnosed physical or mental condition that has a high probability of resulting in a developmental delay. The CDE must be conducted by personnel trained on appropriate methods and procedures utilizing a state-approved diagnostic tool (e.g. Hawaii Early Learning Profile (HELP), the Battelle, and/or the Early Intervention Developmental Profile). The care coordinator shall participate in the CDE and shall encourage families to actively participate in the assessment.

5. Develop an Individualized Family Support Plan (IFSP) for all eligible infants and toddlers and their families. An annual IFSP shall be completed within 12 months of the Initial IFSP. An annual re-assessment must be completed prior to the annual IFSP. The IFSP shall be developed jointly with the family and appropriate qualified personnel involved in the provision of early intervention services and be based on evaluations, assessments and recommendations through an interdisciplinary process. All services should be delivered as conveniently and non-intrusively as possible, and within the child and family's natural environment.
7. Support families. The Awardee shall provide opportunities to support families, recognizing that they possess a wide range of strengths, concerns and aspirations beyond the need for specialized health and developmental services for their child. Family support services should focus on promoting and building on existing strengths and abilities, increasing knowledge and self-sufficiency, and reflect the needs and wants of the family.
8. Assist families access a medical home for the eligible child. The Awardee shall assist families to access a medical home for preventive care, anticipatory guidance and well-child care. IFSP services shall be coordinated with the medical home with parent consent.

Performance measures are addressed in Section 5, Attachment E., Table A- Performance Measures.

5. Experience

The Awardee shall have the necessary skills, abilities, knowledge of, and experience relating to the delivery of the proposed services to children, birth to three years of age, and their families, or similar services to children, ages four to eight, and their families. The unit of reimbursement shall be the standard of 15 minute increments. The salary range for direct service personnel shall be based on a negotiated salary range per service

discipline plus negotiated rates for fringe benefits and payroll taxes.

For each full time (1.0 FTE) direct service employee, 1297 direct service hours per year (108 hours per month) is expected. Service hours by discipline shall be tracked on a monthly and cumulative basis for each direct service employee.

It is expected that the Awardee shall provide an average of 108 billable service hours per month for each full time (1.0) FTE of direct service staff in order to meet contact requirements.

If unforeseen circumstances result in the Awardee failing to meet standard performance requirements by the end of the fiscal year, the purchasing agency may, on a case-by-case basis, reimburse the Awardee the difference between the approved contractual amount and the actual billable amount after the end of the contract year. The Awardee must provide written details of the reasons service expectations were not met.

- b. Cost reimbursement. All other costs, including the salaries/fringe benefits/payroll taxes for administrative staff and program support staff (social workers, data clerks, administrative assistants, program managers, etc.), lease costs, equipment, mileage, supplies, etc. shall be reimbursed based on actual costs incurred on a month-to-month basis, with the approved budget serving as the basis for these expenditures. Actual monthly costs must be submitted; the Awardee shall not simply bill 1/12 of the total approved budget for cost reimbursable items. If additional administrative costs are necessary to support increases in the number of direct service staff, the budget for administrative costs may be negotiated and increased accordingly.

Additional core staff and/or support staff (data clerks/clerical staff) may be hired after the Awardee submits a written request and obtains the Early Intervention Section Supervisor's written approval. The Awardee shall determine the number of social workers needed by utilizing a ratio standard of one (1.0 FTE) for every 35 children **care coordinated** by the Awardee's program (It is estimated that 80% of the children served by the program receive care coordination by program staff. The other 20% receive care coordination by Public Health Nursing of Healthy Start staff). As the number of children increases, additional social work staff shall be hired based on the Early Intervention Section supervisor's written approval of the Awardee's written request.

It is recommended that staffing patterns include a program manager (identify FTE between 0.5 and 1.0) for each geographic area to be served.

The number of data clerks and other clerical support shall be based on the number of children served by the Awardee's program. One (1.0 FTE) data clerk shall be allowed for the first 100 children served by the program (see Section 2, I.E.). When the number of children served approaches 125, the Awardee shall submit a written request to the Early Intervention Section Supervisor to hire additional clerical support, if necessary.

9. Units of service and unit rate

The unit of service is a provision of an early intervention service and shall be based on increments of 15 minutes. Unit rates are subject to annual review and adjustment.

10. Method of compensation and payment

Upon execution of the contract, awardees shall receive a first quarter advance payment equal to one-fourth of the negotiated annual budget for the first contract period of the first contract year, to be made 30 calendar days after the execution of the agreement. The balance shall be paid by monthly reimbursement upon submission of provider invoices. These invoices shall be accompanied by required data collection reports.

Final payment is based on the receipt of all final reports, invoices and expenditure plans.

IV. Facilities

Awardees are required to maintain facilities adequate to ensure confidentiality of records, adequate work areas for staff and accessibility to families.

The Awardee should have a substantial local presence in the geographic areas in which they wish to provide services. All three (3) of the following criteria must be met:

- Staffed facility or office dedicated solely to the service provider organization and available to members of the public seeking its services (provide physical street address of office, if known);
- Days and hours of operation to support families' schedules (e.g. evenings, weekends)

- Telephone and facsimile number dedicated exclusively to the organization.
